February 2019

Dear Concessionaire,

We invite you to participate in the 2019 Tumbleweed Music Festival. This year's event will be held on Friday evening through Sunday of Labor Day weekend, August 30 to September 1, 2019, at Howard Amon Park, in Richland, Washington. The festival is free and open to the public both days. The Three Rivers Folklife Society has sponsored the festival each year since 1997 and the City of Richland co-sponsors the event. We feature live acoustic music from five outdoor and one indoor stages, an indoor dance stage, arts and crafts vendors and of course, festival food. We estimate about 4,000 people attended last year's festival and we expect that number to increase this year. This is the 23rd year for the Tumbleweed Music Festival, and it has gained a reputation as one of the best small music festivals in the Northwest.

We have a limited number of spaces for food vendors and select vendors based on earliest application and avoidance of duplicate food offerings. Our food vendor fee is \$225 with additional fee options for being included on our business license or overnight camping in the park. Accepted vendors will receive a packet with pertinent information in July. In general, vendors will need to be set up and have all vehicles off the grounds by 11:00 AM Saturday and Sunday. Outdoor performances will end about 10:30 p.m. on Saturday and at 8:00 p.m. Sunday and we encourage you to stay open during the evening concerts. Vendors are expected to attend both days. Bring lights because well-lit booths get much better business.

Enclosed is the food vendor application form. Applications are due July 1st, 2019. Applications will be accepted after that date, but will require a \$20 late fee with the application. Application fees plus proof of insurance must be submitted with the application. Application fees will be returned to vendors that are not accepted in the festival by July 31st. No application or proof of insurance will be accepted after August 20. We seek variety in food types, and some of our past festival attendees have expressed a strong desire to have salads and similar "healthy choices" better represented. Those who get their application in first will get priority for each variety of food.

Electricity is available for food vendors' booths. No generators will be operated on the park grounds during event hours. Potable water is available at the park, but there are no direct connections. Booths may remain overnight in the park, but vendors assume all responsibility for security. However, as with past years we will contract with a security service to have an overnight presence both Friday and Saturday nights. No pit fires may be built in the park. The City of Richland now requires vendors to have provision for collecting gray water at their booths, and removal and disposal is the responsibility of the vendor.

Thanks again for your interest and we hope to see you at the 2019 Tumbleweed Music Festival.

Sincerely,

David M. Carson
